

In Win Development (U.S.A) Inc.

Dear Valued Customers,

Last week's CES 2009 in Las Vegas was a fantastic and great success for us and we really hope that all of you who attended had the same positive outcomes as we did. Moreover, we would like to take this chance to thank you for visiting at our booth. Your continued support and interest in our product lines is truly important to us.

It is absolutely essential for us to hear your thoughts and product feedback on how we can improve ourselves before taking next step. Please do not hesitate to contact us for any questions, concerns or input as it is always welcome. Once again, thank you for your visit.

Wish you all have a prosperous and successful 2009.
